Dear Harold,

Enclosed is the memo you asked for and the page on which the memo is identified as written by Jenkins and intended for LBJ.

I am almost finished with your *Never Again*. As I said on the phone, I like it very much. I think you did a great job of mixing parts of your earlier work with contemporary comments and the critique of JAMA, etc.

As you probably know at this point, I would be inclined to suspect that the military officers involved in the cover-up were acting on requests or orders from parts of the Establishment. I think that the McCloy-Dulles types are above the Hoover-Military elite types. In any event, I have a huge respect for you and your work. I will be referencing it and relying on it extensively in the book I am working on (and whatever disagreement is expressed will be stated in the most respectful and considerate way).

Please give my regards to Lilly.

Sincerely,
Don Gibson

P.S. I asked my friend, Ed Mulready, to write a paragraph on Mailer for you.
